Wine Adviser

In wine, preferences depend on your perspective

... Consumers might want to consider typicity, specificity, clarity, elegance, polish, depth and balance. Good value may be another big factor. On that front, wine adviser Paul Gregutt recommends several wines from Mutt Lynch...

Mutt Lynch 2008 Unleashed Chardonnay (\$14). Juicy, fruity, ripe and forward.

Mutt Lynch 2007 Portrait of a Mutt Zinfandel (\$14). Spicy berries, firm acidity.

"...the real treasures are the inexpensive wines that stand out from their peers. Here are a few that I hope you enjoy."
