by [SARAH STIERCH](#). May 2018.

Forget the flowers, the card and the carefully crafted post on social media – this Mother's Day, treat Mom to something that she could really use: some downtime with a nice glass of wine. We've rounded up some of the best Sonoma County wineries for Mother's Day visits.

For the dog loving mom: Mutt Lynch Winery, Windsor: The entire family can enjoy a wine tasting at Mutt Lynch - including mom's favorite fur-babies. Winemaker Brenda Lynch and her husband Chris founded their winery as a tribute to [wo]man's best friend, and Mutt Lynch Winery is just that: "[all things dog](#)." At their downtown Windsor tasting room, mom can let her pup run free while she sips through chardonnay, zinfandel and cabernet - all with dog-themed wine labels.
